“ Billy,

I will always remember all the good times we had growing up together. Milking the cow and you showing me the star on the cows' tit and then squirting me with it. Waiting for the bus to arrive in the morning and getting that last smoke in, before we had to board the bus. You where so comical to be around and always had a good and funny story or joke to tell. Just so many memories, all good of course. I will miss you, but I will always have your memories in my hearts.

Love your cousin,
