“ *Bill was our friend for over 30 years and he will be sorely missed. We heard rumors of his passing over a year ago and could not reach any of his family to confirm. Our hearts are heavy now as we just learned today on this date of July 16th of his passing on the Helfenbein website. His friendship was a special part of our life. On visits with each other, we talked and we learn of our lives together. We respected and loved him very much. We believe that the people you care about most in life are taken from you too soon. Heartfelt condolences, Tom and Judy Edelheit*

“ *What a decent man, my son and I looked forward to seeing and talking with him every year at the various shows. He got a lot of young people interested in Steam Engines, and he will truly be missed.*
