“ Cheryl and Holly, Your mom and dad were two of the kindest people I've ever met. I have so many fond memories of your family. From the ages of about 10 to 18, I probably spent more time at your house than I did almost any other place besides my own. And I probably ate your parents out of house and home during that time period! It's not until I've gotten older, that I realize how special it was for them to have opened their home like that to not just me, but all of your friends. They were so welcoming and so warm. I am sorry not to be there right now with you both, but I have been thinking about you and have said many prayers for your dad. I wish you both peace during this time, with the knowledge that your dad will be missed by many. Love, Nita

“ *Rest easy EdDog. We will take it from here. You have always been a good friend and colleague. From the days of working at the 911 center years ago, to the time spend as a member of EVFD. You were always positive and fun to talk to. You could always make someone laugh. I will have a drink in your honor my friend. You will be missed.*

“ Ed was a great friend. I worked with Ed for decades providing public safety. We had many adventures through the years. I use to love when Ed would call and say "Let's get a little wind in our hair". Then off on our Harleys we would go. He will be missed but I know he is in a better place stirring things up. Love you Ed!
